To schedule an Eagle Board of Review, a **completed Eagle Scout Rank Application and supporting documents** must be submitted to the North District Advancement Committee **no later than the first day of the month in which the Scout desires a board of review**. It is unlikely that any board date will host more than 14 Scouts, so Scouts are encouraged to submit their Eagle credentials as early as possible to ensure their space on the desired date.

**Troop leaders should review all of the Eagle candidate's credentials, using the current Eagle Application Checklist available on the North District's website, prior to submitting them for a board of review.** The checklist guides the troop's adult leadership through the process of checking the *Eagle Scout Rank Application* and supporting documentation for completeness and accuracy. Inaccurate or incomplete documentation will likely delay the Eagle candidate's board of review date and could potentially prevent the Scout from attaining the Eagle rank.
